

## JAPANESE MISSION WILL VISIT ALLIES

Congratulations to Be Extended to  
Nations With Whom Orientals  
Fought.

By The Associated Press.  
LONDON, Nov. 8.—Vice-Admiral  
Kato, Japanese minister of navy, has  
arrived here at the head of an offi-  
cial mission which is to visit all of  
the principal allies of Japan, to con-  
gratulate them on the winning of the  
war. The Japanese admiral, who  
has been received by the first lord  
of the admiralty, to whom he de-  
livered the message from his coun-  
try.

The mission will go to the conti-  
nent to visit France, Belgium and  
Italy. It will return home by way  
of America. In a statement pub-  
lished under his name, Admiral Kato  
said:

"My mission is to give all of the al-  
lies the friendly greetings of Japan  
and congratulations on the winning  
of the war. We are hoping to see  
of the war of what is being done by  
each country in the way of recon-  
struction after the war.

"The great problem for all of the  
nations now is to economize, and in  
Japan we would like to see a general  
agreement for disarmament.  
"In my country there are no plans  
yet for a reduction of the navy, but  
we are waiting to see what the  
other nations do. That seems to me  
to be the position of all of the nations.  
They are willing to disarm, but are  
waiting for a general agreement for  
that purpose.

"The Japanese people are fervent  
in hoping for the success of the  
league of nations, in which they see  
the prospect of the establishment of  
a permanent peace. All the nations  
have had enough of war, and the  
world must now give all its energies  
to securing lasting peace."

## Capitol Wants More Land

Special to The World.  
OKLAHOMA CITY, Nov. 8.—Commen-  
dation proceedings to procure for the state  
30 acres for the capitol reservation have  
been filed in district court here by George  
Shurt, assistant attorney general. The leg-  
islature has provided for the purchase of  
land at \$10,000 an acre. Short contends  
that the price asked by owners—\$4,000 and  
\$7,500—are exorbitant and that if the land  
is worth that much, it is because of the  
endowments by the state.

## Highway Work Goes On

Special to The World.  
HENRYETTA, Nov. 8.—Construction  
work on the highway between Henryetta  
and Muskogee, via Henryetta, is making  
good and making near connection with the  
national Jefferson highway near Eufaula, is  
being pushed in the southern part of Ok-  
mulgee county. When completed it will  
place Henryetta within 112 miles of the  
state city.

## PUT CREAM IN NOSE AND STOP CATARRH

Tells How to Open Clogged No-  
strils and End Head-Colds.

You feel fine in a few moments.  
Your cold in head or catarrh will be  
gone. Your clogged nostrils will open.  
The air passages of your head will  
clear and you can breathe freely. No  
more dullness, headache, no work-  
ing, snuffling, mucous discharges or  
dryness; no struggling for breath at  
night.

Tell your druggist you want a  
small bottle of Ely's Cream Balm.  
Apply a little of this fragrant, anti-  
septic cream in your nostrils, let it  
penetrate through every air passage  
of the head; soothe and heal the  
swollen, inflamed mucous mem-  
brane, and relief comes instantly.  
It is just what every cold and cat-  
arrh sufferer needs. Don't stay  
stuffed-up and miserable.—Adv't.

## BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with  
phosphate before breakfast  
washes out poisons.

If you wake up with a bad taste,  
bad breath, and tongue is coated; if  
your head is aching; if what you eat  
sours and forms acid in stomach; or  
you are bilious, constipated, nervous,  
irritable and can't get feeling just  
right, begin inside bathing. Drink  
before breakfast, a glass of hot water  
with a teaspoonful of limestone phos-  
phate in it. This will flush the poi-  
sons and toxins from the stomach,  
liver, kidneys and bowels and cleanse,  
sweeten and purify the entire al-  
imentary tract. Do your inside bath-  
ing immediately upon arising in the  
morning to wash out of the system  
all the previous day's poisonous  
waste, gases and sour bile before  
eating more food.

To feel like young folks feel; like  
you felt before your blood and  
humors became loaded with body  
impurities, get from your pharmacist  
a quarter pound of limestone phos-  
phate, which is inexpensive and al-  
most tasteless.

Men and women who are usually  
constipated, bilious, headachy or  
have any stomach disorder should  
begin this inside bathing before  
breakfast.—Adv't.

## Pussyfootism Is a Bother to Great Britain in "Dry" Fight

LONDON, Nov. 8.—Is the "pus-  
syfoot" really worrying England at  
last?

A "pusyfoot" in England is any-  
one who believes in less booze or in  
total stoppage of same. The nick-  
name is Britain's, not mine.

"What are you going to do when  
England goes dry?" I asked a mid-  
dle-aged "newsboy."

"Nothing, sir," he replied. "I'll  
never come in my time, so why  
should I worry?"

The same question piled in many  
quarters and in many different sit-  
uations in life brings monotonously the  
same reply.

But when one follows in print the  
pronouncements of so-called think-  
ers and of persons of prominence,  
and as one watches the editorial dis-  
cussions from quarters presumed to  
be the best informed in the country,  
one begins to wonder.

If the men who have "vision" and  
generally are able to see into the fu-  
ture are not worried about the latest  
American importation, why all this  
howl?

When a handful of prohibition-  
ists landed in England they re-  
mained for weeks unmolested. Today  
"Pussyfoot" Johnson is a name as  
well known in England as Charlie  
Chaplin, Lloyd George or Woodrow  
Wilson. Because of his superhuman  
efforts at advertising his cause? No,  
because of the millions of words of  
attention he has received from per-  
sons and publications violently op-  
posed to his cause.

In today's Evening News there  
are four different "stories" which  
directly or indirectly attack prob-  
hibition, in each case under the name  
of "pusyfootism." They vary from  
an article by a well known writer to

the story of Miss Betty Wotton, who  
lived to be 143 on plain food, fresh  
air and a tiny drop of brandy, and  
who, of course, was no "pusy-  
footer." This is not an exceptional  
day. The press generally, with the  
Northcliffe press leading, grinds out  
daily propaganda against the anti-  
liquor magazine reviewer in a week-  
ly magazine paused for one-half of  
his allotted space in a review of "The  
Bird of Paradise," newly arrived  
from America, to lecture learnedly  
on the evils of bringing a lesson on  
booze to the stage. A beachcomber  
who is "redeemed" and returns to  
his earlier status as a man of science  
has no place in drama, the reviewer  
contends. He doesn't help the play,  
and if the playwright thinks he's  
"redeemed," England—well, he's  
jolly well mistaken.

Clergymen even have come out in  
support of the red, red wine. Any-  
body, almost, seems ready to debate  
the question, but never "pro."

For an issue which is averred to  
be the most hopeless of hopeless  
causes "pusyfootism," on prob-  
hibition is getting one of the greatest  
rages of publicity any "forlorn  
hope" ever received anywhere in the  
world.

Uncle Joe Cannon's dictum that  
it's better to be ridiculed in print  
than to get no publicity at all has  
never reached these parts. If the  
opponents of prohibition aren't con-  
centrating their fire because they  
are really worried about the growth  
of prohibition sentiment, they may  
be preparing for a real "worry" at  
some future date.

For "pusyfootism" is the best ad-  
vertised product in England today  
all through the kindly efforts of its  
opponents.

## SHIPPING CLERK'S ERROR WAS COSTLY

Brew Made by Canadian Brewery  
Had Real Kick to It, So Firm  
Was Flooded.

PRINCE RUPERT, B. C., Nov. 8.  
More than one sore heart and  
thirty palace was caused by the  
blunder of an employe of a local  
brewery who is held responsible by  
his employers for a fine of \$1,000  
which the brewery was compelled to  
pay last summer for turning out a  
small quantity of beer which pos-  
sessed an illegal kick.

The fine was paid without com-  
ment. The facts as told by the  
brewer, have just become known.  
It appears that a stockholder in the  
brewery, being wealthy, owns a  
yacht. He decided to take a party  
of friends on a cruise "on the high  
sea." After a conference with his  
friends, he instructed the brewery  
to turn out "a few cases of real  
beer."

The order was obeyed but a clerk  
got the cases mixed up and the  
stockholder's consignment was de-  
livered to local customers.
